

Dear Screen Industry Member,

AWF Madison Group is a proud New Zealand business and we are here to support you in this time of change. We are working in partnership with many New Zealand-based and international organisations that need quality staff, both temporary and permanent, as they navigate through what is an unknown landscape.

We understand that this is a difficult time for many, and we are proud of the commercial and community connections we have as a business. Through our innate drive and confidence in New Zealand and our people, we believe that through partnering with us, we may be able to ease the burden, aid solutions and help to continue to keep New Zealand working.

We take great pride in being able to offer our support to the workers of the Screen Industry through two of the key businesses that are part of AWF Madison Group, and span a range of industries.

Please know that while we offer opportunity, it is difficult for us to make promises at this time. There are so many shifting elements that we know are delicate to navigate for many. Saying this, we are nimble and we are working hard in the background to make sure we are well-positioned to help you understand what opportunities may be suitable for you.

We are well-connected and informed around changes and developments in the market, and we welcome you to be part of that journey with us.

As a business prior to, and throughout COVID-19, we have partnered with essential services' supply chain, Government and Industry in a time of need. We are ready for Construction and Civil works as they come back online and we have strong alignment to some of the finest professional organisations in New Zealand. We have always been a passionate provider of recruitment services, and we welcome you getting in touch.

Let's see where we can take this...
